

Dear Customer,

We wish to advise you of some important changes within the team at Hills Transport.

Early March, we formally farewelled Julie and Ken Gray who handed over the reins to Kerry Holmes, the new General Manager of Hills effective 16 February, 2009

Kerry is an experienced transport executive who has joined us more recently from the Fastway Group and is very much looking forward to meeting all our valued customers.

The Company's founders, Julie and Ken Gray have overseen the growth and success of the Hills business and depart with the confidence the business is in the very capable hands of a new management team. We are actively continuing with the fantastic work Julie and Ken have started such as 'sign on glass' and other additional technology improvements to assist your business further. We'll be in contact shortly to discuss these and other exciting enhancements.

We thank both Julie and Ken and wish them well with their future endeavours.

Should you have any questions on this management change, please don't hesitate to contact us.

Yours faithfully

John Young
Director
Hills Parcel Direct
